Connecting to VPN

Make sure you have a network connection off of the SJRWMD network.

Open Connect to a Network by clicking the network icon ( or ) in the notification area.

Open the Dell SonicWall Global VPN Client from Program Files.

Make Sure SJRWMD-VPN is highlighted, click on Enable.
Enter your network credentials and password, then click OK.

Instructions for Using Dell SonicWall Global VPN Client

You will see a green check mark and Status shows Connected and a message in notification area that a VPN Connection is Established.

Disconnecting

To disconnect from the VPN click on Disable.
Status now show Disabled.
