6. **INQUIRIES AND ADDENDA.** District staff are not authorized to orally interpret the meaning of the General Conditions or other Agreement documents, or correct any apparent ambiguity, inconsistency, or error therein. To be binding upon the District the interpretation or correction must be given by the Project Manager and must be in writing. The Project Manager may orally explain the District's procedures and assist Respondents in referring to any applicable provision in these documents, but the Respondent is ultimately responsible for submitting the offer in the appropriate form and in accordance with written procedures.

Every request for a written interpretation or correction must be received by 5:00 p.m. on February 28, 2022 to be considered. Requests may be submitted by e-mail at [dbankhar@sjrwmd.com](mailto:dbankhar@sjrwmd.com).

Submission of an offer constitutes acknowledgment of receipt of all addenda. Offers will be construed as though all addenda have been received. Failure to include these forms with the offer may be considered non-responsive. The minimum qualifications necessary to qualify for this lease to be awarded are:

Irrespective of the minimum qualifications stated above, the District may make such investigations, as it deems necessary to determine the ability of the Respondent to perform the Lease terms. The District reserves the right to reject any offer if the evidence submitted by such Respondent and/or the District’s independent investigation of such Respondent fails to satisfy the District that such Respondent is properly qualified to carry out the obligations of the Lease and manage the apiaries and Property in a manner acceptable to the District. The District reserves the right to waive minor deviations in an otherwise valid offer.

8. **GENERAL CONDITIONS.**

- a. **INTERNET AVAILABILITY.** District Invitations to Offer, changes, delays, addenda, and questions and answers are available for review and download at <http://www.sjrwmd.com/lands/apiary-lease/>. Persons/firms receiving this ITO are responsible to check for any changes or addenda.

Further, all Respondents must disclose the name of any District employee who owns, directly or indirectly, an interest of five percent or more in the Respondent’s firm or any of its branches.

The Respondent hereby agrees that, at the time of execution of an agreement, the Respondent will not be involved in any matters which adversely affect any interest or position of the District, and that the Respondent has no relationship with any third party relating to any matters which adversely affect any interest or position of the District. The Respondent will not accept during the term of the agreement,

or any renewal thereof, any retainer or employment from a third-party whose interests appear to be conflicting or inconsistent with those of the District.

**d. DISQUALIFICATION OF RESPONDENTS**

Any of the following causes will be considered as sufficient grounds for disqualification of a Respondent and rejection of the offer:

- i. Contacting a District employee or officer other than the project manager named in this solicitation about any aspect of this solicitation before the notice of intended decision is posted.
- ii. Submission of more than one offer for the same subject matter by an individual, firm, partnership, or corporation under the same or different names;
- iii. Evidence of collusion among Respondents;
- iv. Submission of materially false information with the offer;
- v. Information gained through checking of references or other sources which indicates that Respondent may not successfully perform the Work;
- vi. Incomplete contractual commitment(s) to other persons or entities, which, in the sole judgment of the District, may hinder or prevent the prompt completion of the Work if awarded to Respondent;
- vii. Respondent is failing to adequately perform on any existing contract with the District;
- viii. Respondent has defaulted on a previous contract with the District;
- ix. The evidence submitted by Respondent, or the District's investigation of Respondent, fails to satisfy the District that Respondent is properly qualified to carry out the obligations of the Agreement in a manner acceptable to the District and within the time period specified;
- x. Any other cause that is sufficient to raise doubt regarding the ability of a Respondent to perform the Work in a manner that meets the District's objectives for the Work.

**e. REJECTION OF OFFER.**

Offers must be delivered to the specified location and received before the ITO opening to be considered. Untimely offers will be returned to the Respondent unopened. Offers will be considered irregular and may be rejected if they show material omissions, alterations of form, additions not called for, conditions, limitations, or other material irregularities. The District may consider incomplete any offer not prepared and submitted in accordance with the provisions specified herein and reserves the right to waive any minor deviations or irregularities in an otherwise valid offer.

The District reserves the right to reject all offers and cancel this ITO when it determines, in its sole judgment and discretion, that it is not in its best interest to award the lease. The District will give notice of cancellation by posting a notice on the District's website.

- f. **WITHDRAWAL OF OFFERS.** Respondent may withdraw its offer if it submits a signed written request to the District before the date and time set forth for opening of the ITO. The written request to withdraw the offer must be signed by an authorized representative of the Respondent and received by the District before said opening.

- g. **SIGNATURE REQUIREMENTS.** An authorized representative of the Respondent must manually sign the attached Offer Response Form and Revenue Offer Schedule Form where indicated. The signature must be in non-erasable ink. All corrections made to the offer by the Respondent must be initialed in ink by Respondent. All offers must be submitted complete. Any incomplete offers will be considered non-responsive by the District.
- h. **RESPONDENT QUALIFICATIONS AND REFERENCES FORM.** Respondent must provide evidence on this form of meeting the minimum qualifications outlined in paragraph 7 above. Additional documentation evidencing Respondent's qualifications may be attached to this form. The information provide must be verifiable by the District. An incomplete Qualifications and References Form, or inability for the District to verify information provided therein via references or other means, may result in the offer being deemed as non-responsive by the District.
- i. **ASSIGNMENT OF LEASE.** No offer, after acceptance by the District, nor any Lease Agreement, shall be assigned by the Respondent. However, upon obtaining prior written approval from the District's Land Manager, a Lessee may enter into a Sub-lease. The Lessee shall be held responsible for all actions of Sub-lessees and shall ensure that all Sub-lessees perform in accordance with the conditions of the Lease. Should a Sub-lessee fail to perform in accordance with this Lease, District may consider Lessee in default in accordance with the terms of the lease.
- j. **EXECUTION OF LEASE.** By submitting an offer, Respondent agrees to all the terms and conditions of this ITO and Lease Agreement. Any request for revisions to the Lease Agreement must be submitted in accordance with the procedure set forth above under Paragraph 6 for Inquiries. The District will consider the request and may agree to modify the terms and conditions of the Lease Agreement in its sole discretion. The laws of the State of Florida will govern any lease agreement resulting from this ITO. The District will not agree to a provision that obligates the District to indemnify Respondent or any third party, or any other provision that is inconsistent with Florida law. The Lease Agreement must be executed by successful Respondent before execution by the District. No lease shall be formed as a result of this ITO until both the District and successful Respondent execute a lease agreement. Failure of the successful Respondent to enter into a lease within 30 days of award or timely submit the required evidence of insurance coverage, or any other matter required by the ITO will result in a requirement that the successful Respondent post a bid bond for all future ITOs and will be just cause, if the District so elects, for the cancellation of the award in this ITO.
- k. **LAW COMPLIANCE.** The Respondent will abide by all applicable federal, state and local laws, rules, regulations and guidelines (including but not limited to the Americans with Disabilities Act) relative to performance under this ITO. Signature of this document indicates adherence to the following requirements and establishes compliance with Chapter 586, Florida Statutes. Beekeepers keeping bees in areas that are not classified as agricultural pursuant to Section 193.461, Florida Statutes, must adhere to these guidelines. The guidelines are recommended, but not required for beekeepers keeping bees in areas classified as agricultural pursuant to section 193.461, Florida Statutes.

#### BEST MANAGEMENT REQUIREMENTS FOR MAINTAINING EUROPEAN HONEY BEE COLONIES ON NON-AGRICULTURAL LANDS

The colony density limits in areas not classified as agricultural pursuant to Section 193.461, Florida Statutes, below, minimize potential conflict between people and honey bees and beekeepers following the BMRs outlined in this document. The honey bee colony requirements/densities may not be exceeded except under a special permit issued by the Director of the Division of Plant Industry in accordance with the requirements of Rule 5B-54.0105(3), F.A.C.

1. The placement of honey bee colonies on **non-agricultural private lands** must agree to and adhere to the following stipulations:
  - A. When a colony is situated within 15 feet of a property line, the beekeeper must establish and maintain a flyway barrier at least 6 feet in height consisting of a solid wall, fence, dense vegetation or combination thereof that is parallel to the property line and extends beyond the colony in each direction.
  - B. All properties, or portions thereof, where the honey bee colonies are located must be fenced, or have an equivalent barrier to prevent access, and have a gated controlled entrance to help prevent unintended disturbance of the colonies.
  - C. No honey bee colonies may be placed on public lands including schools, parks, and other similar venues except by special permit letter issued by the Director of the Division of Plant Industry and written consent of the property owner.
2. Honey bee colony densities on **non-agricultural private land** are limited to the following property size to colony ratios:
  - A. One quarter acre or less tract size - 3 colonies. Colony numbers may be increased up to six colonies as a swarm control measure for not more than a 60-day period of time.
  - B. More than one-quarter acre, but less than one-half acre tract size - 6 colonies. Colony numbers may be increased up to 12 colonies as a swarm control measure for not more than a 60-day period of time.
  - C. More than one-half acre, but less than one-acre tract size - 10 colonies. Colony numbers may be increased up to 20 colonies as a swarm control measure for not more than a 60-day period of time.
  - D. One acre up to two and a half acres - 15 colonies. Colony numbers may be increased up to 30 colonies as a swarm control measure for not more than a 60-day period of time.
  - E. Two and a half to five acres - 25 colonies. Colony numbers may be increased up to 50 colonies as a swarm control measure for not more than a 60-day period of time.

- F. Five up to 10 acres – 50 colonies. Colony numbers may be increased up to 100 colonies as a swarm control measure for not more than a 60-day period of time.
  - G. Ten or more acres – 100 colonies. The number of colonies shall be unlimited provided all colonies are at least 150 feet from property lines.
3. Beekeepers must provide a convenient source of water on the property that is available to the bees at all times so that the bees do not congregate at unintended water sources.
  4. Beekeepers must visually inspect all honey bee colonies a minimum of once a month to assure reasonable colony health including adequate food and colony strength. If upon inspection honey bees appear to be overly aggressive the beekeeper shall contact their assigned apiary inspector for an assessment.
  5. Re-queen collected swarms, new colonies and maintain colonies with queens or queen cells from EHB queen producer(s).
  6. Practice reasonable swarm prevention techniques as referenced in University of Florida’s Institute of Food and Agricultural Sciences extension document “Swarm Control for Managed Beehives”, ENY 160, published November 2012.
  7. Do not place apiaries within 150 feet of tethered or confined animals or public places where people frequent. (Examples - day care centers, schools, parks, parking lots, etc.)
  8. Do not place colonies in an area that will impede ingress or egress by emergency personnel to entrances to properties and buildings.
  9. Deed restrictions and covenants that prohibit or restrict the allowance for managed honey bee colonies within their established jurisdictions take precedence and as a result supersede the authority and requirements set forth in Chapter 586 Florida Statutes and Rule Chapter 5B-54, Florida Administrative Code.

It shall be presumed for purposes of this article that the beekeeper is the person or persons who own or otherwise have the present right of possession and control of the tract upon which a colony or colonies are situated. The presumption may be rebutted by a written agreement authorizing another person to maintain the colony or colonies upon the tract setting forth the name, address, and telephone number of the other person who is acting as the beekeeper.
